

## A FINAL AGREEMENT

Reached by the Conference on the Tariff Bill.

THE ACT TO GO INTO EFFECT OCT. 6.

It Will Be Reported to the House, Then Go to the Senate and Be Ready for the President's Signature by Monday or Tuesday—The Duty on Binding Twine Fixed at 7-10 Cents Per Pound—Sugar Free Up to No. 16 Dutch Standard.

WASHINGTON, Sept. 26.—The conference on the tariff bill has reached a final agreement. The conference have agreed that the bill shall go into effect Oct. 6. The duty fixed on binding twine is 7-10 cents per pound. The duty on sugar is 10 cents a pound duty above that grade; the bounty to be 2 cents a pound on sugar above 80 polariscope test, and 15 cents between 80 and 90. It will be called up in the house Saturday, and it is thought it will be agreed before adjournment.

**Southern Members Dissatisfied.**  
The senate will consider it Monday and speeches will be made by Senator Aldrich, Carlisle and possibly Ingalls. It should go to the president Monday night or Tuesday. Senator Aldrich says congress can adjourn next Tuesday, but the general impression is that an adjournment will not be before the end of the week or Monday following. There is a great deal of feeling among the southern members about the proposed change in the rate of bounty on sugar between 80 and 90 polariscope test. They claim that it is contrary to the rules of both houses for the conference to make such a change in an item on which both houses had agreed, and Mr. Carlisle will make this point against the item in the senate. It is claimed by the Republicans that there was a general disagreement between the two houses on the sugar schedule, which warrants the proposed change in bounty.

**The Binding Twine Amendment.**  
Some anxiety is felt about the attitude of the western senators toward the binding twine amendment. Senator Paddock is much put out by the action of the conference, and he stated Friday afternoon that he will vote against the conference report. It is not known how many of the recalcitrant senators will stand with him but the conferees do not think there will be enough to defeat the report.

**RIVER AND HARBOR BILL.**  
A Serious Error Affecting the Work on the Illinois River.

WASHINGTON, Sept. 26.—A very serious error has been discovered in the river and harbor bill, which has just become a law. The act as printed appropriates but \$200,000 for continuing the work on the Illinois river, while the bill as it passed both houses and prior to its enrollment for presentation to the president appropriated \$200,000. Whether the error was made in the enrollment of the bill or in the act itself is not known. The act after its approval by the president is as yet undetermined. The probabilities are that the mistake occurred in the final enrollment of the bill. If such proves to be the case, a joint resolution will have to be passed correcting the error, and just at this time, when a quorum in the house is a difficult thing to secure, it is likely to cause much embarrassment.

**Congressional.**  
WASHINGTON, Sept. 26.—In the senate Friday morning the conference report on the bill to establish the Rock Creek park in the District of Columbia, was taken up and agreed to. The house joint resolution appropriating \$1,000,000 for the purchase of nickel ore and nickel matte for naval purposes was then taken up.

**Important Nominations.**  
WASHINGTON, Sept. 26.—The president sent to the senate Friday the following nominations: E. J. Dwyer, of New Jersey, to be minister to Spain; Edw. H. Conner, of Iowa, minister to Brazil; Fremont Wood, of Idaho, United States attorney for Idaho; Oscar Palmer, of Michigan, register of land office at Grayling, Mich.; S. P. Youngs, of Michigan, receiver of public money at Grayling, Mich.; Isaac A. Davis, of California, Indian agent at the Hoopa Valley agency, California.

**For the New Government Printing Shop.**  
WASHINGTON, Sept. 26.—The Capital Base Ball park has been purchased as a site for the new government printing office at a cost of \$43,175.

**McKee Rankin Must Show Cause.**  
NEW YORK, Sept. 26.—Mrs. Elizabeth S. Rankin (Kitty Blanchard), Thursday obtained an order from Judge Lawrence, of the supreme court, requiring her husband, McKee Rankin, against whom she has an action for divorce pending, to show cause why he should not support her and her 10-year-old daughter, Mrs. Rankin alleges that her husband is making her from \$500 to \$700 a week from the "Canuck," which play she says is worth \$30,000, and also has valuable property at Spokane Falls.

**Hundreds of Frightened Passengers.**  
NEW YORK, Sept. 26.—Over 600 frightened ocean voyagers were landed in this city Friday from the steamship Wieland of the Hamburg American Packet line after the steamer had spent almost all night aground on Rockaway beach. When the tide changed at night and began to flow in, little by little the vessel was lifted until at 2:30 she floated. A few minutes later the anchor was lifted. As soon as the quarantine officers made their inspection the steamer came to her pier. The Wieland was not injured.

**Colorado Democratic Ticket.**  
DENVER, Colo., Sept. 26.—The Democratic state convention made the following nominations: Governor, Judge Caldwell Yeaman, of Trinidad; representative in congress, T. J. O'Donnell, Denver; lieutenant governor, P. Rogers, Denver; secretary of state, W. N. Foreman, Summit county; state treasurer, J. N. Carlisle, Pueblo; auditor, W. T. Skelton, Washington; attorney general, J. H. Maupia, Canon City; superintendent of public instruction, N. E. Coy, Golden.

## LEE ON THE TRAIN WRECKERS.

The Master Workman Believes That Skulduggery Abounds.

ALBANY, N. Y., Sept. 26.—Master Workman Lee, of the K. of L., who ordered the strike on the Central, and was accused of aiding the wreckers, said Thursday morning in relation to Buett's two pleas of guilty and not guilty: "Our way of looking at the matter is this: This fight has been carried on between the K. of L. on the one side, and a big corporation on the other. We have got the best of it to the present, and now the corporation is trying to get back on us, and is sparing no means of doing so.

Connected by the Company.  
"This present business is a villainous concoction on the part of the company. These men, who are in the tails of the company, seem to act as if they were crazy, and I believe that an extraordinary pressure in the shape of money bribes or mental torture has been brought to bear on these unfortunate men to place them in the position they are in. The action of Buett proves this; his plea of guilty would put legs under the company's case, but it seems that Buett's conscience, or a belief on his part that his bribe wouldn't be commensurate with his imprisonment, induced him to turn his back on the company and Bob Pinkerton and alter his plea.

**Expects Buett to Go Back on Pinkerton.**  
"I wouldn't be surprised if Buett would split upon the company, and state publicly the atrocious devices adopted by Pinkerton to make him perjure himself in the company's behalf. I can state for Cain that he does not belong to our organization, his application for membership being rejected for good reasons before this trouble began."

## SENSATION AT BALTIMORE.

Attempt of a Wealthy Man to Take His Own Life.

BALTIMORE, Md., Sept. 26.—The city was Friday morning startled by the announcement that George B. Graham, a prominent business man whose wealth is estimated at nearly a million dollars, and who is highly connected, being a cousin of the members of the present banking firm of Alexander Brown & Sons, Thursday evening made an attempt to commit suicide. He was found with a deep gash in his throat, nearly dead. The members of his family say the wound was caused by an accident, but the circumstances surrounding the case lead to the belief that Graham, who has for some time been in an enfeebled mental condition, made the attempt at self-destruction while in a depressed condition. The physicians believe that he will recover.

## Disobeyed His Orders.

DEFIANCE, Ohio, Sept. 26.—An east and west bound freight train on the Baltimore and Ohio railroad collided at midway switch, three miles east of here at 4 o'clock Friday morning. Thomas Benson and his son, aged 11, were in the car next to the engine. They were emigrants from New Straitsville, Perry county, Ohio. The next car was an oil tank, which crashed through the one in which the Bensons were, and exploded. The boy was literally roasted before his father's eyes. Several cars were burned and the locomotives ruined. The conductor of the west bound train had orders to sidetrack his train, but for some unexplained reason they were disregarded.

## Murderously Assaulted by a Woman.

LINCOLN, Ill., Sept. 26.—Thursday afternoon while at home alone Mary O. Gordon, a respectable widow, had a desperate encounter with Mrs. Rebecca Comstock, who was crazed from jealousy. The would-be assassin assaulted Mrs. Gordon with a bludgeon, with which she beat her enemy in a shocking manner. Mrs. Gordon escaped from her assailant and fled into the street where her appeals for help brought aid. Mrs. Comstock fled, but was subsequently arrested and imprisoned on a charge of attempting to commit murder. The cause of the assault is that Mrs. Gordon has been receiving the attentions of Mrs. Comstock's divorced husband.

## Didn't Agree on the Schools.

JACKSON, Miss., Sept. 26.—The compromise thought to have been effected between the minority and majority of the committee on education has been declared off, as a result of the action of the committee on the educational convention yesterday morning. Consideration has been set for Wednesday next. Melchior, one of the four Republican members of the convention, offered a resolution disqualifying any one from voting who is guilty of any kind of election fraud.

## Illinois Miners' Troubles.

SPRINGFIELD, Ill., Sept. 26.—The miners of this district held a mass meeting near the city Thursday. Speeches were made by a number of officials urging every man to lay down his pick Nov. 1. If their demands were not acceded, the trouble was said to be the fault of operators on account of cutting of prices. Last year, it was stated, \$2,000,000 tons of coal were mined in this county, for which the miners got about 10 cents a ton, or \$211 each for the year.

## "Juvenal" Shot by a Woman.

CITY OF MEXICO, Sept. 26.—Enrique Chavarri, better known to the reading public of Mexico under the nom de plume of "Juvenal," the society and dramatic editor of The Monitor Republicano, of this city, was shot Thursday morning through the right hand by Mrs. Louisa Jauregui di Chaurian, the widow of a wealthy Italian. The shooting occurred at the Hotel Irujo. The reason for the shooting is not positively known.

## QUIET AT TIPPERARY.

But Little Accomplished in the Irish Trial.

A VIGOROUS PROTEST FROM HEALY.

He Objects to the Judge Adjourning Court for a Slight Cause—The Streets of the Town Still Guarded by Police—Newspaper Comment on the Riot—Discriminate Shooting of People by the Troops at Gos—Evangelical Flash.

DUBLIN, Sept. 26.—The streets of Tipperary were thronged with people till a late hour Thursday night, discussing the exciting events of the day. As little progress had been made toward a disposition of the cases against the arrested Nationalists, and as the general impression created by the court's rulings was not complimentary to the tribunal's sense of fairness, there was much speculation as to what the morning would bring forth. The leading Nationalists had a prolonged consultation in the evening. A further attempt to bring Sergt. Kennedy, of the police force, to account for some of the clubbing in front of the court house Thursday will be made.

## Proclamations of the Police.

The situation at Tipperary Friday morning was much more tranquil than Thursday. The streets were thronged with people who seemed to be laboring under suppressed excitement, but there was no collision with the police. The authorities are taking extra precautions to guard against the possibility of an outbreak. A detachment of soldiers is assisting the police in maintaining order. The space in front of the court house is held by a strong guard, and both soldiers and police are taking extra precautions against the possibility of an outbreak. The session of the court for the trial of the conspiracy case was of short duration Friday morning. When the hour of opening came the presiding magistrate announced that it would be impossible to go on with the cases Friday morning, as the judge of the county court required the building. It would be necessary, therefore, to adjourn further proceedings until the afternoon.

## A Protest from Healy.

Before the magistrate could declare the court adjourned Timothy Healy sprang to his feet, and in the name of the defendants entered an earnest protest against an adjournment for the reason given. It was not right, he urged, that the magistrates in such a case should suit their actions to the convenience of the county court. The judge of that tribunal should be the one to yield instead of insisting on the letting of his rights in the premises. Mr. Healy's protest was unavailing. As soon as he resumed his seat the court was adjourned until the afternoon.

## Comment on the Tipperary Affair.

LONDON, Sept. 26.—The Chronicle says: Mr. Morley's life is of so much value to the nation that we protest against his entering such scurrilous as the one at Tipperary Thursday. The Irish will find it easy to misrepresent his presence, but for which the riot would probably not have occurred. Out of foolish deference the police allowed him in court and this caused the clamor for admission of the crowd. The Times, while exonerating Mr. Morley from any intention to influence the court, thinks he set a bad precedent by his conduct. The Standard is of the opinion that Mr. Morley's determination to brook for himself the exact condition of affairs.

Several suffered a severe sprain of the ankle. Several other passengers that jumped were injured.

According to the latest news from that country his stealings are placed at \$42,000,000. Where this large sum has been placed is a mystery, and although the leading bankers and financiers of Buenos Ayres have been figuratively speaking placed upon the rack, nothing of a satisfactory nature has been developed. It is thought that a goodly portion of his ill-gotten gains are safely held in the United States. In the meantime the ex-president is under lock and key.

The court recorded the decision as announced and gave a judgment for the plaintiff.

### The Judgment Must Stand.

The man had his back to the door, and when he turned at the noise made by the girl he was confronted with the muzzle of the revolver and told that if he made any trouble he would be shot. The girl made him march down stairs and out into the street, where she turned him captive over to two men who were passing at the time. They called a policeman and the man now rests in jail. The girl then finished her work and went to the fair.

CHICAGO, Sept. 26.—A warrant was issued Thursday at the request of the city authorities for the arrest of Dr. Sanford, a Chicago physician who refused a death certificate for a child in the hope of collecting the penniless father to pay his bill for medical attendance. The father of the child was poor and had buried three other children dying of the dread disease.
